Third-party logistics solutions provider AGX Group Berhad (AGX) today announced that its associated company, All-Link Air & Sea Limited (All-Link Singapore), has reached a crucial milestone in its planned initial public offering (IPO) on the Mainboard of the Singapore Exchange Securities Trading Limited (SGX-ST).

All-Link Singapore has received its Eligibility-to-List (ETL) letter from SGX-ST and has concurrently lodged its preliminary prospectus with both the exchange and the Monetary Authority of Singapore (MAS).

The listing exercise is expected to be completed within the third quarter of 2026.

The firm recorded growth in FY2024 on the back of a major global e-commerce mandate. This momentum was sustained into FY2025 as it diversified its portfolio by onboarding additional global technology accounts, utilizing an asset-light and highly scalable business model to fuel regional expansion.

Upon completion of the listing, AGX is expected to retain an approximate 23.2% equity interest in All-Link Singapore. This will allow AGX to continue participating directly in the logistics firm’s regional growth trajectory while benefiting from the enhanced corporate governance, regulatory transparency, and capital market access that comes with a listed entity.
